CELEBRATE OHIO RIVER DEEP CHANNELING

PRES. HOOVER PAYS TRIBUTE TO ENGINEERS' SKILL

DELIVERS ADDRESS IN DRIZZLING RAIN AT EDEN PARK, CINCINNATI

CEREMONIES ARRANGED BY THE OHIO VALLEY IMPROVEMENT ASSOCIATION

By LAWRENCE SULLIVAN
(United Press Staff Correspondent)

Cincinnati, O., Oct. 22.—Celebrating completion of the nine-foot channel throughout the 1,000-mile course of the Ohio river from Pittsburgh to Cairo, President Hoover today paid tribute to the contribution which engineering skill and learning has made to the advancement of modern industrial organization.

The president's address was delivered in a drizzling rain in Eden Park, overlooking the Ohio. Approximately 5,000 persons cheered the president.

The ceremonies were arranged by the Ohio Valley Improvement Association, which blazed the trail for the river improvement for a quarter of a century.

Secretary of War Good and Major General Lytle Brown, chief of army engineers, were participating in the celebration, with the chief executive and Mrs. Hoover.

The president's speech was in dedication of a monument in Eden Park commemorating completion of the new artery of commerce.

"The engineering mind about which I see so much in the papers," the president said, "here does come to the surface and luxuriates in appreciation of a great engineering job well done."

The president told his audience that today's ceremonies marked a new epoch in the history of national waterway development.

"The whole Ohio Valley and the nation as well should be congratulated upon this occasion."

"This new instrument of commerce, from which untold blessings will come year after year, is an enduring monument to those patient men of my own profession whose lives are spent in devising means to increase the comfort and convenience of the world."

President and Mrs. Hoover and their official party will devote today and tomorrow to the Ohio river celebration. After the Eden Park address, the president's program called for a luncheon in the Gibson hotel, to which 500 persons were invited, and his departure at 2 P. M., on the government steamer Grebbier for Louisville where tomorrow night he will deliver the principal address of his tour.

The presidential special arrived at Cincinnati at 9 A. M. from Dearborn, Mich., where the chief executive participated yesterday in celebrating the 50th anniversary of the electric light.

The text of the president's message follows:

"My fellow countrymen and women:

"It is a great pleasure to me to share in the dedication of this monument glorifying for all time the completion of a nine-foot channel for the full length of the Ohio river. The engineering mind, about which I see so much in the newspapers, here does come to the surface and luxuriates in appreciation of a great engineering job well done. This new instrument of commerce, from which untold blessings will come year after year, is an enduring monument to these patient men of my own profession whose lives are spent in devising means to increase the comfort and convenience of the world."

"But men of every mould have wrought with equal bravery in this transformation of the wild beauty of the Ohio river into the not less beautiful but more tractable stream of today. The engineer found the practicable means, but many others contributed to the vision, courage and persistence needed to this accomplishment. Statesmen, ever men and business men may share the glory. The elders present may well regret the absence of such stalwart figures as Col. William E. Merrill and Captain William B. Rodgers, whose ingenuity and dauntless faith bore so large a part in this achievement."

"I personally feel the absence of Senator Theodore Burton, at whose bedside in Washington I have recently stood. His work as chairman of the historic Inland Waterways Commission, appointed by President Roosevelt in 1907, gave the foundation upon which this great development has been created. The report of that commission in 1908 has been the Bible of waterways improvement. Its first result was the act of 1910, with which began the present project, now brought to a successful conclusion. It reflected not only the clarity of mind with which the senator has endowed public issues for a generation but also the broad humanity of his spirit, that dwelt with especial concern upon the problems of equity involved and upon the welfare of the whole body of men and women of the country for whose benefit the program was primarily undertaken."

"Of Speaker Longworth, who fortunately is present, it should be recalled that he was one of the founders of the Ohio Valley Improvement Association and has both privately and as an officer of the government worked indefatigably in the cause of this development for more than a

French Cabinet of Premier Briand Is Defeated

COTTON FUTURES SOAR \$1.50 BALE AT NEW YORK

New York, Oct. 22.—(U.P.)—Cotton futures soared \$1.50 a bale at the opening of the market today. The trend continued upward as the session progressed, the buying being inspired by the statement of the federal farm board, after the close yesterday, that cotton prices were too low. The farm board proposed to loan as much as \$100,000,000 to enable farmers to hold back the crop for orderly marketing.

UNKNOWN FLIER, AMATEUR, STARTS ATLANTIC FLIGHT

U. F. DITEMAN HAS ONLY BRIEF
EXPERIENCE IN
AVIATION

COMES FROM BILLINGS, MONT.,
HOPPED OFF FROM NEW-
FOUNDLAND

By J. T. MEANY
(United Press Staff Correspondent)

St. Johns, N. F., Oct. 22.—U. F. Diteman, an unknown American aviator with only a brief experience in flying, set out today, alone and without advance warning, on a daring attempt to span the Atlantic ocean.

Diteman left the field at Harbor Grace, Newfoundland, at 12:30 P. M., rising without difficulty in his small monoplane, the Golden Hind. He passed out over Conception Bay on an easterly course, making about 125 miles an hour. Twenty minutes after starting, he had passed out of sight over the Atlantic.

The Golden Hind carried 165 gallons of gasoline, considered sufficient for 25 hours of flying at a cruising speed of 110 miles per hour. The plane has a top speed of 125 miles an hour. The craft is a Barling N. B. 3 monoplane.

Diteman is 31 and comes from Billings, Mont. He arrived here on Oct. 9, unexpected and unannounced. He explained that his mission was to search Newfoundland records for his family history, which he associated with the name of Sir Francis Drake.

Billings, Mont., Oct. 22.—Although expressing utmost confidence that her husband, U. F. Diteman, 31, would span the Atlantic ocean in his small plane, Mrs. Diteman, of this city, refused to disclose what impelled her husband to hop off today in a plane for England.

"I am absolutely positive he will make it," she declared. "He is a careful man, takes no chances, and made all preparations weeks in advance."

"He is flying alone and he will get through successfully, I know."

Mrs. Diteman revealed that her husband had been quietly planning the flight from Newfoundland to England since last summer. On Sept. 18 he flew alone back east and eventually arrived in Newfoundland where final preparations were secretly made.

Diteman, his wife said, has been flying for the past year. He is in the livestock business in Billings and is the father of two children, aged 4 and 7.

Washington, Oct. 22.—Generally fair weather over the north Atlantic was forecast for the flight of U. F. Diteman of Billings, Mont., to London, the U. S. weather bureau said today.

Southwest winds will prevail until the flier reaches the Irish coast when northwest winds and showers are forecast.

JOHN LIVINGSTON NAMED WINNER OF RELIABILITY AIR TOUR

Detroit, Oct. 22.—(U.P.)—John Livingston of Aurora, Ill., was unofficially announced the winner of the 5,017-mile reliability air tour which ended here at the starting point yesterday afternoon. Twenty-five of the 20 original completed the tour.

Livingston, piloting an open Waco biplane, was adjudged the winner on the basis of speed, reliability, carrying capacity and general efficiency.

Prizes totalling \$20,000 will be given the winners.

quarter of a century. He and his associates deserve high remembrance in the records of this achievement.

"But the whole Ohio valley and the nation as well should be congratulated on this occasion. A new agency of service now begins its quiet labors for mankind. The tow-path that led one Ohio boy to the White House has been modernized. But opportunity has been expanded by the abandonment of the tow-path for the engine. It is the glory of our scientific age that its sooty processes in the end bring results that make childhood stronger and happier, and give to manhood and womanhood a life richer and more varied."

"This monument will ever remind the people of a great accomplishment."

Edison, After Strenuous Day Yesterday, Wears Laurels Happily Although Rather Feebly Today

83 YEARS BEAR HEAVILY ON HIS STRENGTH

IS STILL SEMI-CONVALESCENT
FROM RECENT ATTACK OF
PNEUMONIA

ALMOST COLLAPSED LAST NIGHT,
TODAY IS RESTING
EASILY

Detroit, Oct. 22.—(U.P.)—Thomas A. Edison wore his crown of laurels happily although feebly today.

The inventor, his 83 years bearing more heavily on his strength under the tax of elaborate genius and still semi-convalescent from a recent attack of pneumonia, almost collapsed last night.

At the home of Mr. and Mrs. Henry Ford, where he was taken after the strenuous day, he was resting easily today and physicians who had visited him said they did not believe he was in danger.

In a replica of the laboratory in which he perfected his first incandescent light bulb, the electrical wizard performed again the epochal feat. Then he almost collapsed. Regaining his strength, Edison spoke to millions of radio listeners over the world, as well as the 500 persons seated in the new Edison institute of technology hall.

His talk was the essence of modesty and simplicity. He stressed the importance of the work of pioneers in the electrical field before him and of the loyal men who worked with him.

"If I have contributed to the happiness of my fellow man, I am happy," he said.

President Hoover then spoke, paying tribute to men of science.

"Our scientists and inventors are among our most priceless possessions," the president said. "There is no sum that the world could not afford to pay these men who have the originality of mind, that devotion and industry to carry scientific thought forward in steps and strides until it spreads to the comfort of every home; not by all the profits of all the banks in the world can we measure the contribution which these men and women make to our progress."

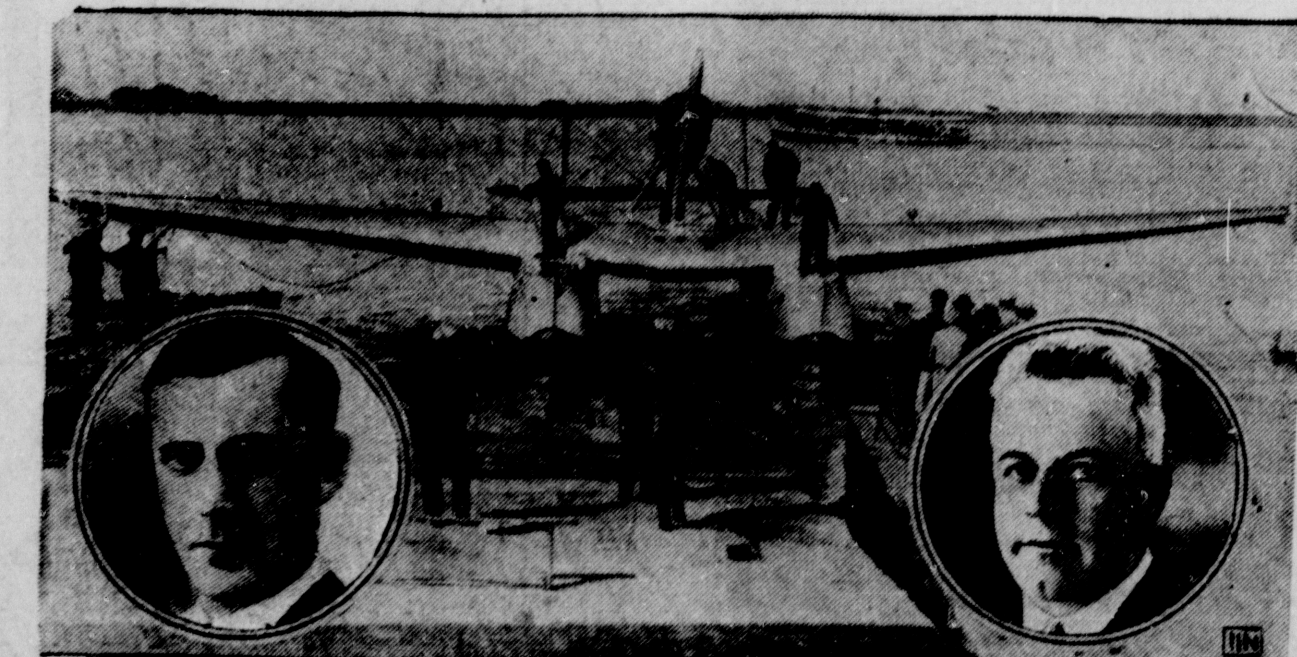

Edison's waning store of strength was not equal to the demand. He listened to the president's words for a few minutes, then went back to the couch in another room where he had gone to lie down for a brief rest after concluding his own talk. Lieut. Commander Joel T. Boone, the president's personal physician, treated Edison, administering restoratives, while the inventor was resting.

As soon as President Hoover had gone, Edison walked unsteadily to an automobile. He was driven directly to the home of Mr. and Mrs. Ford, his hosts on his visit to the scenes of his early life. A physician who accompanied him remained at the Ford home about 20 minutes, and left after satisfying himself the inventor was in no immediate danger.

President Hoover satisfied himself that Edison was merely weakened from the strain of the celebration in his honor before going to his special train. The president left for Cincinnati at midnight.

The banquet last night at which Edison and the president spoke was the climax of the day's celebration at the dedication of the new Edison institute of technology, established by Henry Ford to aid the youth of the land in scientific research.

Italian Airmen Fail to Break Record

The Savoie-Marchetti plane, which type was used by the two premier Italian aviators, Commander Umberto Maddalena (left, inset) and Lieutenant Cecilio (right, inset), in their attempt to break the world's endurance non-refueling flight record now held by the German aviators, Ristice and Zimmerman.

CUSHING BANK ROBBED OF \$800 AT 2:30 P. M.

7 VOLCANOES IN ERUPTION AT KAMCHATKA

Khabarovsk, U. S. S. R., Oct. 22.—(U.P.)—Eruption of seven volcanoes in the mountainous Kamchatka peninsula region was reported here today. There was considerable loss of life, advised said. The eruptive cones were gushing gas, lava and flames.

FIERCE GALE LASHES LAKE MICHIGAN SHORE

IMPERILING LIVES OF SAILORS
CAUGHT OUT ON THE
LAKE

BATTERED MOORED PLEASURE
CRAFT, DASHES WAVES HIGH
ON BREAKWATER

Chicago, Oct. 22.—(U.P.)—One of the worst storms in memory of the coast guardsmen lashed the western shores of Lake Michigan today. Imperiling lives of sailors caught out on the lake and battering moored pleasure craft.

A wind of 30 miles sustained velocity, rising at times in gusts to 50 miles an hour, dashed waves 20 to 30 feet high against the protection breakwaters along the Chicago coast line.

Two men, drifting on the lake in an oil barge were rescued by the steamer Schwab.

The barge broke loose early today from the tug Butterfield, when waves, some of them described by the Butterfield's captain as 40 feet high, snapped the tow line. With the burden of the barge gone, the tug rolled and pitched so much it was unable to pick up the line.

The Butterfield and the barge started late yesterday from Muskegon, Mich., and was struck by the storm when 25 miles out. The barge broke loose about 25 miles from Chicago.

Fearing the tug would be overwhelmed, the captain ran to the protection of the Chicago harbor for aid. The tug carried a crew of 10 men.

CONGRESS TODAY

Senate
Begins debate on rate schedules in tariff bill.

Judiciary subcommittee continues lobby investigation.

Commerce subcommittee resumes hearing on applying coastwise shipping laws to Philippine Islands.

Patronage committee resumes investigation of Charleston, S. C., district attorney.

House
In recess until Thursday.

MUSSOLINI IN CAMPAIGN FOR 'MORE BABIES'

Rome, Oct. 22.—(U.P.)—Premier Benito Mussolini's "more Italian babies" campaign apparently is not making much of an impression on Italy's fathers and mothers.

Statistics published by the central statistical institute showed an excess of only 200,000 births over deaths in the first nine months of the year, compared with 325,390 for the same period in 1928.

There were 22,209 fewer births in Italy in the first nine months than in the same period of 1928.

PANTAGES DENIES THAT HE ATTACKED GIRL

CLAIMS MISS PRINGLE WAS THE
AGGRESSOR IN THE DIS-
TURBANCE

DENIES ON STAND THAT HE
MADE ANY ADVANCES TO
WARD YOUNG DANCER

Los Angeles, Cal., Oct. 22.—(U.P.)—Alexander Pantages, 54-year-old Greek who ran a small Klondike stake into a great theater business, denied to a jury today that he attacked 17-year-old Eunice Pringle.

Gesticulating wildly and talking excitedly he claimed that Miss Pringle and not himself was the aggressor in the disturbance between them in his conference room on Aug. 8.

As soon as they were inside the room, Pantages testified, Miss Pringle closed the door, started to scream and at the same time tore his clothing.

Instead of attacking her as she contended, he struggled with her in an attempt to put her outside, he said.

He vehemently denied that he had made any advances toward the young dancer, that he had attempted to strangle her screams or that he had consummated an assault.

EXTEND INVITE TO STATE P. T. A. MEET

Two Delegates From Brainerd Attend
Three Day Convention
at Faribault

An invitation will be extended to the Minnesota Congress of Parent-Teacher Associations at its three day convention at Faribault by the two Brainerd delegates in attendance to hold the 1930 meet at Brainerd.

Delegates named by Frank E. Little, chairman of the Brainerd P. T. A. general council were Ralph Falconer, president of the Riverside P. T. A. and Mrs. Grace Williams of the Whittier P. T. A. The convention will close tomorrow evening.

The increasing substitution of child interest for discipline and gradual supplanting of the three "R's" in favor of the three "T's" held the center of attention at Faribault today as more than 300 delegates met at the seventh annual convention.

"Modern teaching methods," one noted Minnesota educator declared, "have made so interesting the school work of the lower grades that enforced study is practically abolished."

"In the upper grades we can safely furnish the stimulus for study. In this day a poor foundation, bad habits or unpleasant home life but seldom laziness contribute to the teacher's problems. The three 'T's', Training, Tools and Technique will be a powerful influence in overcoming this in the opinion of Mrs. A. A. Mendenhall, state president of the congress. Her talk 'Parent Training' was a feature of the conference."

Among other delegates scheduled to address the congress were Mrs. C. C. Drago, president of the St. Cloud council and B. G. Leighton of the Hibbing council.

Young Brookhart Named as Trade Commissioner

Washington, Oct. 22.—(U.P.)—Appointment of Charles E. Brookhart, son of Senator Smith W. Brookhart, republican, Iowa, to be trade commissioner at Winnipeg, Canada, was announced today by the commerce department.

He will succeed J. Bartlett Richards of Washington, D. C., who has been transferred to Bombay.

LAND OF SOVIETS LEAVES OAKLAND FOR CHEYENNE

Oakland, Calif., Oct. 22.—(U.P.)—The Russian airplane Land of the Soviets took off from the local airport early today for Cheyenne, Wyo.

ATTACK IS LED BY GEORGES MANDEL, VOTE OF 288-277

RESIGNATION OF THE BRIAND
CABINET EXPECTED TO
FOLLOW

MANDEL IS PROTEGE OF WAR
TIME PREMIER, GEORGES
CLEMENCEAU

Paris, Oct. 22.—(U.P.)—The government of Premier Aristide Briand was defeated on a vote in the chamber of deputies today.

Premier Briand was reversed on a vote of 288 against 277.

The resignation of the Briand cabinet was expected to follow.

The Briand cabinet had twice staged off defeat earlier in today's session of parliament which convened this afternoon.

Briand himself had gone to the tribune four times in attempts to pacify the opposition which had staged a violent assault on the government's policy in connection with The Hague reparations accord and the evacuation of the Rhineland.

The attack was led by Georges Mandel, a protege of the war time premier, Georges Clemenceau.

CONTRACTOR AND AID BURIED UNDER HUGE SAND PIT

Minneapolis, Oct. 22.—(U.P.)—Buried beneath thousands of cubic feet of sand and gravel when the sandpit in which they were working caved in, two men—August Munson, 57, contractor and pit owner, and Edward Anderson, 48—perished here today. For one brief moment firemen uncovered Munson's head and began to resuscitate him when another caving forced them to flee.

Senator La Follette Warns of Possible Party Disaster

Washington, Oct. 22.—(U.P.)—Senator Robert M. La Follette, republican, Wisconsin, whose father led the tariff split in the republican party which resulted in the Roosevelt-Taft defeat of 1912, warned the senate today that the same party disaster would be repeated in 1932 unless the rates of the pending tariff bill are reduced.

CUSTOMS BOAT IS REPORTED MISSING

Key West, Fla., Oct. 22.—(U.P.)—Search along the lower Florida east coast from here to Miami was extended today in an effort to locate the customs boat "Tip Top," missing since Friday with Jake and John Hogeboom and Robert Robinson, Tampa, customs agents, aboard.

First Snowfall of Season Predicted in State Tonight

St. Paul, Oct. 22.—(U.P.)—The first snowfall of the season will fall throughout central and northern Minnesota tonight, the United States weather bureau predicted today.

The forecast was "cloudy tonight, with snow probable. Slight drop in temperature."

TRIAL OF ROBBINS IS DISMISSED

MOTION BY STATE, SUIT IS DIS-
MISSED BECAUSE OF INSUF-
FICIENT EVIDENCE

St. Peter, Minn., Oct. 22.—(U.P.)—The trial of Albert A. Robbins, president of the defunct 10,000 Lakes Fur Farm Corporation, was dismissed in Nicollet county district court here today on motion of the state.

C. B. Brubaker, attorney for the state securities commission, moved that charges against Robbins of violating the state blue sky laws be dismissed because of insufficient evidence. The state counsel announced no proof could be obtained that Robbins signed the unit sale contracts as charged in an indictment charging him with the sale of unregistered securities.

The state had attempted since the opening of the trial late Monday to prove Robbins signed the contracts, but was defeated in their moves by John E. Regan of Mankato, the fur farm head's veteran attorney.

Action will be continued, Brubaker indicated, against F. L. Uim, a salesman of the company, and P. F. O'Malley, secretary, who were indicted on the same charge as Robbins.

The state had attempted since the opening of the trial late Monday to prove Robbins signed the contracts, but was defeated in their moves by John E. Regan of Mankato, the fur farm head's veteran attorney.

Action will be continued, Brubaker indicated, against F. L. Uim, a salesman of the company, and P. F. O'Malley, secretary, who were indicted on the same charge as Robbins.

THE American public was not long in recognizing Steinite as unique in value. A simple comparison proves that Steinite offers every wanted and desirable feature of higher-priced sets and that lower-priced sets cannot match the Steinite.

Here is a great, evident truth which is making the Steinite the sensation of the season. "Why pay more?" ask knowing radio buyers, and they turn to the Steinite. Once you have seen and heard the Steinite, we know you will buy it. Then you, too, will experience the thrill of Steinite ownership—a thrill known to millions.

SPECTACULAR FIRE DOES HEAVY DAMAGE

Sweeps From Ransford Pool Hall to Ransford Annex and Journal Press

GUESTS ROUTED FROM BEDS

Ralph M. Sheets, Publisher, Has Arm Injured When Debris Falls

A spectacular fire which started in an unused closed up stairway in the Ransford pool hall, swept through the ceiling to what was formerly known as the Ransford Annex and through the walls and ceiling into the Journal-Press print shop caused a damage last night estimated upwards to \$20,000. One hundred and twenty-five guests in the Ransford hotel were routed from their beds by the smoke while occupants of apartments and rooms in the western division of the hotel

escaped from the flames carrying what possessions they could.

Ralph M. Sheets, publisher of the Brainerd Journal Press, a weekly newspaper, was pinned under the debris of the falling ceiling in his shop. He pulled himself to safety with the use of one arm, his other being fractured.

All loss is covered by insurance. The building owned by J. Herschel Hardy with the Gould-Gray Co. agents, had a loss by fire, smoke and water of upwards to \$10,000. Mr. Sheets estimated his damage at approximately \$3,000. Nels Nelson, operating the Ransford pool hall placed his damage at approximately \$1,000. Fixtures, furniture, decorations and personal effects in the hotel rooms were damaged to the extent of approximately \$6,000, it was conservatively estimated.

Debris littered the pool hall, Journal Press office and print shop and the apartments and rooms in the west division of the hotel today.

Repair work will be started in all sections affected as soon as a complete appraisal is made of the damage.

Fire Chief Frank Fuller and his men were praised highly on all sides today for their work in stopping the

fire while Chief Fuller extended praise to Edgar Burke, manager of the hotel for his assistance in direction of the locations of the rooms, to three of his firemen, Clyde McDonald, Vernon White and Dean White for exceptional service, to Joe Midgley, an occupant of the hotel for his assistance, and to all the guests in the hotel for the cool manner with which they reacted to the presence of fire.

The apartments hardest hit by the fire were those of Mr. and Mrs. Henry I. Cohen, Mr. and Mrs. Joe Midgley, Mr. and Mrs. W. H. Gemmell and Mrs. C. M. Patek. Many personal effects in these apartments were destroyed by fire or otherwise ruined by smoke and water. All were present in their apartments when the fire broke out with the exception of Mr. and Mrs. Gemmell who are out of the city.

When smoke from the fire swept through the hotel guests dressed and gathered in the lobby. There was no evidence of panic and complete confidence was placed in the fire department.

The fire was traced today to an unused stairway to the west of the pool room. Fire Chief Fuller is investigating to determine its origin. The alarm as turned in at 11:40 p. m. was answered by 26 firemen. Three lines of 1400 feet of hose in each were brought to play on the flames which swept through the ceilings and walls.

The fire was officially recorded as out at 2:40 a. m. although a fireman remained at the hotel throughout the night.

Although the hotel guest rooms were unoccupied for the better part

of one hour there was no pilfering reported.

Mr. Burke told how the guests in the hotel reacted to the fire.

"No one was excited. When the guests learned there was a fire they dressed and walked downstairs to the lobby. There was no panic. The fire chief and his boys did all they could. They worked systematically and I have a lot of praise for them," he said.

"The entire west end of the building would have been a total loss had it not been for the valuable service rendered by Firemen Clyde McDonald, Dean White and Vernon White. They stuck with me and fought through the smoke to where the fire was without the use of fire masks," said Fire Chief Fuller today.

"Mr. Burke went with me into the smoke and gave us directions. Joe Midgley also helped drag hose through the halls. We could have used four smoke masks but as it was we only had one. This however did not stop the firemen for they rushed into the smoke filled section of the building doing invaluable service," the chief said.

After the fire the guests returned to their beds. Those living in apartments were given other rooms.

Mr. Sheets said today he hopes to publish his paper this week. Heaviest damage was done to a linotype machine.

Ralph R. Farrand, operator of the hotel, is expected in the city this evening from Des Moines to plan repair work.

Showings at New Staples

Current all talking pictures being shown at the New Staples theatre include the following: October 24, 25, 26, Thomas Meighan in "The Argyle Case"; October 27, 28, 29 and 30, Ruth Chatterton, Lewis Stone and H. B. Warner in "Madame X."

Presbyterian Ladies Aid

The ladies aid of the Presbyterian church will meet in the church parlors on Wednesday afternoon, October 23. Mrs. Louis Hohman, Sr., Mrs. Louis Hohman, Jr., Mrs. George Hess, Mrs. Arthur Hagberg, Sr., and Mrs. Anna Herman will entertain. All members are urged to be present and a cordial invitation is extended to all visitors.

Highlights of Riotous Fun Revealed in "The Girl in the Show"

"Mr. St. Clair" dropping his toupee in the midst of his biggest scene; "Little Eva" with a stomach ache; "Simon Legree" as a lover off-stage—all of these are delightful highlights of "The Girl in the Show," the comedy of a traveling "Uncle Tom's Cabin" troupe which will be shown at the Lyceum last time tonight.

Birthday Party

Mrs. Oscar Borg of West Oak Lawn was very pleasantly surprised on Wednesday afternoon, Oct. 16, the occasion being her 46th birthday. Covers were laid for 12. Mrs. Laughton had the honor of cutting the beautiful birthday cake given her by her sister, Mrs. Al Sanregret. Mrs. Borg received many nice gifts. Everyone left wish-

ing Mrs. Borg many more happy birthdays. Those present were Mrs. A. Liners, Mrs. Mary Graber, Mrs. Fred Shultz, Mrs. Al Sanregret, Mrs. Wm. Ostby, Miss Elsie Gartner, Mrs. Frank Hagenbart, Mrs. John Strobel, Mrs. Edw. Laughton and Mrs. George McKay.

Old World Belief

In some parts of Germany the belief is held that one whose teeth stand far apart is destined to travel far. A like belief prevails in some parts of England, Switzerland and other countries.

which?

can you tell the difference—

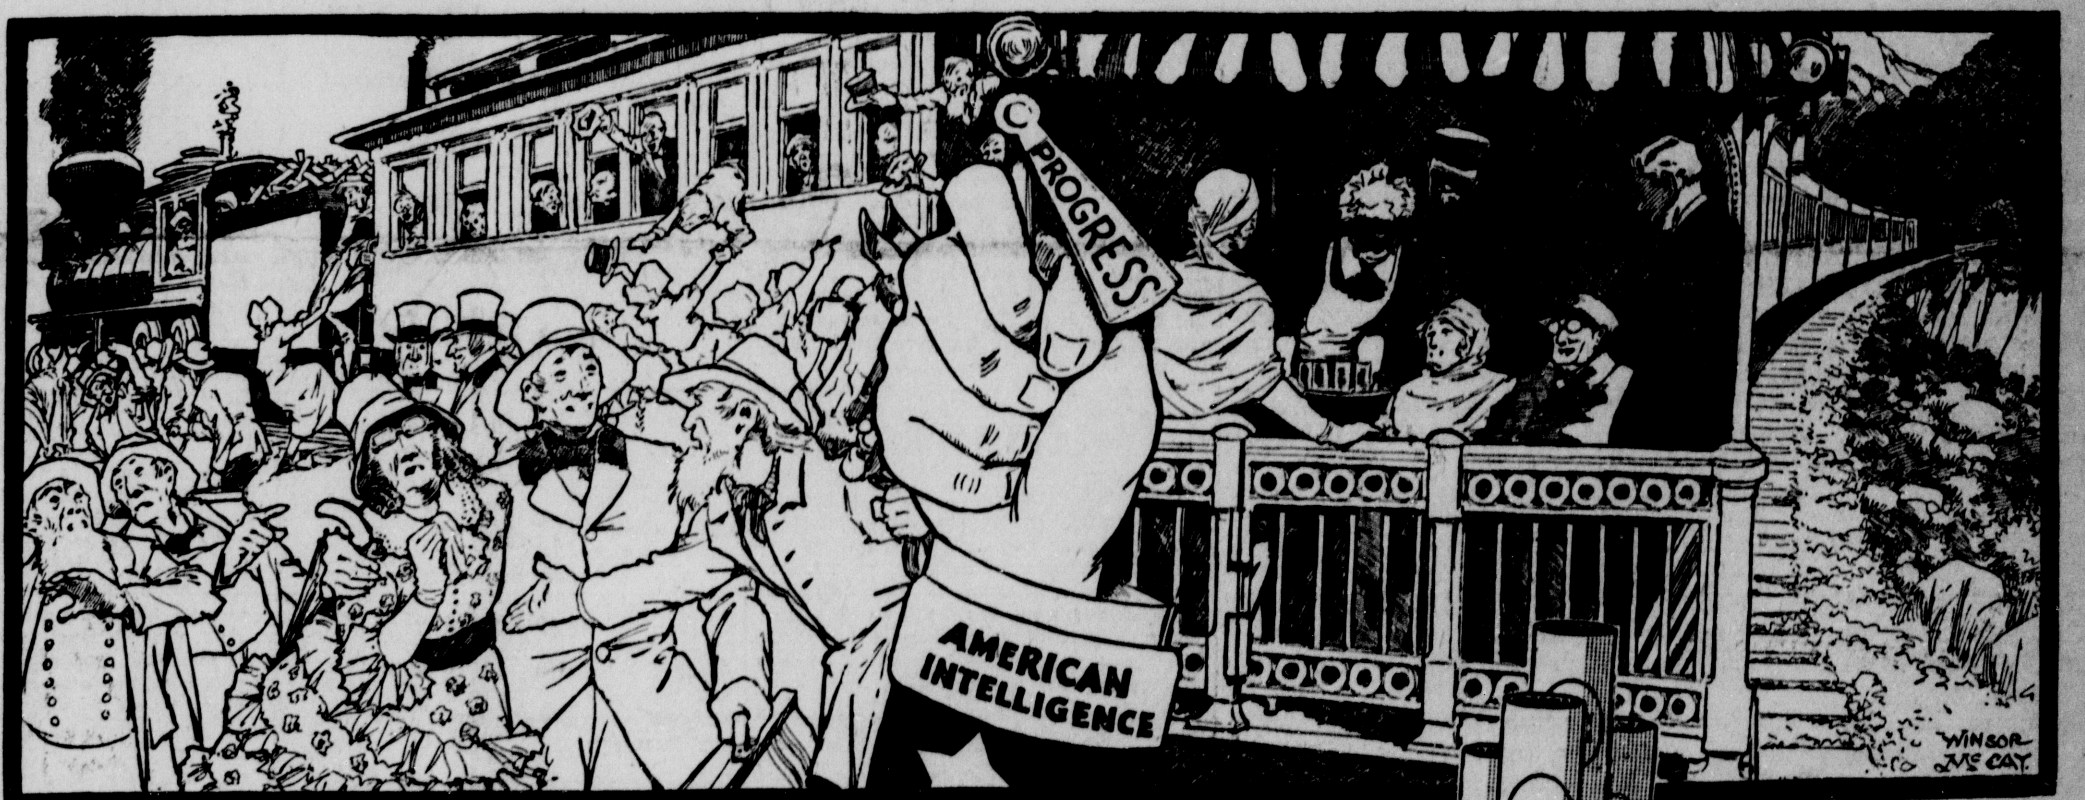

Compare Occident and an ordinary flour side by side. There doesn't seem to be much difference. But bake with them . . . then see—and taste—the difference.

Here is our offer: Order a sack of Occident Flour from your dealer today. Use as much as you wish. If Occident is not better than any flour you have ever used, the full purchase price will be refunded.

OCCIDENT FLOUR

The Cow is off the Track! AN ANCIENT PREJUDICE HAS BEEN REMOVED

Railroads have safely passed those danger signals of prejudice which caused folks to look upon them with fear. Holding aloft the semaphore of progress AMERICAN INTELLIGENCE cleared the track and, today, millions travel in ease and security.

"toasting did it"—

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"

No Throat Irritation—No Cough.

TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night, over a coast-to-coast network of the N. B. C.

© 1929, The American Tobacco Co., Mfrs.

"It's Toasted"—the phrase that describes the extra "toasting" process applied in the manufacture of Lucky Strike Cigarettes. The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan, "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.

Community Spirit Strong

PESSIMISTIC individuals are inclined to grumble about the increased selfishness of the world, says the Princeton Union. But after all here in the United States there is evidence of the fact that we are becoming less self-centered.

In a community such as Princeton the people share almost everything in common except their homes, and those stand with the doors wide open. We have our parks which belong to everybody and in which one man is just as welcome and has just as many privileges as his neighbor. We are joint owners of a fine, large school where all children have equal privileges and opportunities. The various groups own their churches, and pews are open to everyone. Persons that choose to affiliate together have their large homes, and these in turn have connections with fine state institutions where the aged and helpless may pass their last days in peace and quiet.

The latest community project is the organization of a golf club. Membership is open to all those who care to play that game. Grounds will be purchased where everyone may play.

Princeton is only a typical American village and on every side there is evidence of the development of a fine community spirit. We work and play together.

The churches may not have large congregations, but the people as a whole seem to be moving in the right direction because they are putting into practice today more than ever before the principle of the brotherhood of man.

Armory for Brainerd is No New Topic

AN armory for Brainerd has been discussed at various times for 15 years or more and is no new subject.

When the late Guy Eaton was commander of the Naval Reserve, Brainerd endeavored to get an armory. When the state offered substantial aid in the movement, Pine River, Crosby, Aitkin and other towns secured armories while Brainerd acted too slow.

The American Legion a year or so ago crystallized sentiment for an armory, marshalled resolutions from Chamber of Commerce, service clubs, council, county, etc., appointed working committees, brought the Adjutant General, E. A. Walsh, to Brainerd, held public meetings and had Brainerd's plea for an armory given a definite standing and put on a list of armory prospects.

The members of the American Legion have faced actual warfare and have no academic notions of war and peace. With the war over, they have turned their attention to matters of civic interest and have successfully fostered many movements for the public good. They have worked hard to get this armory. And when a committee including Clyde E. Parker, who saw service at the French front, and Con O'Brien and A. G. Trommald, who have served as "dads" of the local Legion post, announce the successful culmination of months of effort, Brainerd is practically unanimous in commendation.

Lions at Sauk Rapids

LAST Thursday night, October 10, was Charter Night for the Sauk Rapids Lions club and President Dr. G. I. Badeaux headed a delegation of eight of the local Lions club on a pilgrimage to attend the event.

Some of the Lions who have never attended a charter night should get acquainted with such occasions, for it is a good opportunity to get acquainted with your neighbors, and the talks that are given are inspiring, educational and entertaining. You are also doing something for Lionism by attending and lending your moral support. Sauk Rapids has a membership of 24 young and enthusiastic men who, working together as a service club, should be a real asset to their town.

Dr. W. B. Kelly, the new District Deputy of the zone, was present and made a good impression in the charter presentation ceremonies. Dr. Badeaux responded with a fine address. Dr. Kelly announced that a zone meeting of this district will be held at Brainerd about November 1.

This week's meeting of the Lions, October 23, is a departure from the regular routine. The Lions will gather at the Ransford hotel at 5:30 p. m. for an inspection of the State Forester's station at Ahren's Hill, following which they will go to the Baptist church for supper at 6:30 o'clock.

Farm Land in Demand

IMPROVEMENT is noted in the demand for farm lands in many sections of the country, according to the presidents of several Federal land banks, who have been attending a conference in Washington, says the Park Rapids Enterprise.

One of the bankers stated that there is now more interest in farm lands than at any time during the past four or five years. He added that this is a good time to purchase a farm, as valuations are still relatively low, although some strengthening of prices is noted.

There seems to be a belief that agriculture has seen its darkest days, and that improvement from now on will be steady and continuous. This improvement will be all the more certain if the farmers themselves will take advantage of the opportunities for cooperative marketing which are offered with the assistance of the new Federal Farm Board.

If the influences now at work for the betterment of agricultural conditions accomplish this much desired result, it will be of tremendous benefit, not only to the farmers, but to every branch of business and industry.

National Apple Week

ON Fifth Avenue in New York, on Jackson Boulevard in Chicago, on Market Street in San Francisco, and in conspicuous places in the business loops of 10 other large American cities, apples grown along the lines of the Northern Pacific will be displayed during National Apple Week, October 31 to November 6, E. E. Nelson, passenger traffic manager of that railway company, said.

The displays of these apples will be arranged in the display windows of down town offices of the Northern Pacific. In further cooperation with the sponsors of National Apple Week, the railway company has arranged special apple week menus for its dining cars and apple dishes will be featured. A large number of National Apple Week cutout cards have been prepared for distribution throughout the country.

BRAINERD HIGH SCHOOL, TUESDAY, OCTOBER 22, 1929

Number 7

B. H. S. LOSES FIRST CONFERENCE BATTLE TO AITKIN HIGH, 7 TO 6

GAME PLAYED BEFORE HOME-COMING THROUG; PASS BRINGS BRAINERD SCORE

Aitkin high school sought and gained vindication for last year's defeat by taking a close victory over the Blue and White to the slim margin of 7 to 6, on Friday. It was the first defeat of a Brainerd team to an Aitkin eleven for several years. The contest was played at the Aitkin fair grounds and practically all of the Homecoming throng was on hand to witness the struggle.

Hautala won the toss and chose to defend the south goal, Aitkin receiving. As the quarter progressed, neither team made much headway until near the close of the period when the Orange and Black started a rally down the field, using several lateral passes and on fourth down near the 12-yard line, Richardson cut loose for a sweeping right end run to net the Aitkin score. He also kicked goal for the point after, making the score 7 to 0 for Aitkin.

The second quarter was played on somewhat even terms, punting being the main feature with neither team making any serious threats.

The second half showed a marked improvement over the Blue and White and more than once were deep in scoring territory but seemed to give in to the heavier Aitkin line. On one of these occasions Abrahamson dropped back when on about the 30-yard line and threw a beautiful forward pass over the Aitkin secondary defense to Hoffbauer to bring the score 7 to 6. Hautala failed in his try at goal.

From then on each side tried in vain to gain a comfortable lead but the score remained the same to the final whistle, resulting in the first conference loss for Brainerd this year.

Extensive practice sessions were being held the first part of this week by Coach Warren E. Kasch in preparation for the remaining games on the schedule which are Little Falls this Friday, then Milaca, Park Rapids, and the big clash of the year between C-I and Brainerd here on Armistice Day.

DAVY'S SLING

Down at Rochester, recently, a man was operated upon for concussion of the brain. In the course of the operation it became necessary to remove his brain and take it into another room for inspection. When the surgeons returned they found that the man had disappeared but the crafty surgeon knew where to look so he went up to Brainerd and found him writing a newspaper column.

Guide: (at Minnehaha Falls) "This ladies and gentlemen is the greatest cataract in the world and if the ladies will please be quiet a moment you may hear the thunder of the waters."

The city hall assembly has a clock—It doesn't choose to run.

Contracts on Chaucer Make Up Eng. IV Work

To stimulate new interest in her English IV classes, Miss Mathis has begun contract work in Chaucer, better known as Old English. Many are finding this subject very interesting but exceedingly difficult as it is almost like a new language.

Every pupil has the choice of four contracts depending upon his grade of the previous six weeks. For a D contract the student must read the Prologue to the Canterbury Tales and pass a test covering them. Seniors with C average either give a report on the picturesque life of the 14th century or memorize 20 lines of the Prologue. B students are to read, summarize, and pass a test on either the Knight's Tale or Preestes' Tale. Some plan to dress a number of dolls representing Pilgrims, others, to make a model of Talbot Inn or dramatize the Prologue. This includes the A contract.

Don't be alarmed, underclassmen, if some absent-minded Senior comes sauntering down the hall muttering something unintelligible. He is only reciting Chaucer.

Sidelights on the Game

With the use of a megaphone and a white horse, Aitkin's rooster king was seen riding around advertising the game. Oh Girls, Let's Go.

During the half, several Indians were seen performing an Indian war dance, with the aid of their tom tom. A collection was taken up afterwards.

During the third quarter, Aitkin's horse doctor, was vainly trying to persuade someone to bet with him against Brainerd. He did not succeed.

After tackling one of Aitkin's players approximately three times, Hautvorson finally brought him down.

A selection was also rendered to the crowd by the Aitkin band. We know that the band is a credit to the town.

Seniors Lead Classes in Honor Roll Percentage

As in other years, the Seniors lead in percentage of number of students who are on the honor roll, since he alone heads the A honor roll with but a few in the B section.

Freshmen, congratulations are extended to you for coming next to the Seniors in the class percentage this six weeks, for it is not often that a first year class does excel the others.

The Sophomores did well this six weeks but only to the extent of coming next to the Freshmen. This can be improved.

Juniors, upon your heads rests the challenge to out do the classes that have so overwhelmingly out done you in the past six weeks. Though your percentage is very low this six weeks, much will be expected from you in the future. The percentages of people on the honor roll are as follows:

Seniors	14.6%
Freshmen	11.4%
Sophomores	9.8%
Juniors	4.1%

Another six weeks will be expected to bring these averages up.

NOTEBOOKS COMPLETED IN BUSINESS TRAINING

Advanced business training classes of Mr. Kasch have just completed interesting notebooks.

Much originality was shown by some of the students in their work and on the whole Mr. Kasch was well pleased with the results.

The notebooks contained the contracts issued by Mr. Kasch at the first of the year and for the most part consisted entirely of research work. A few of the notebooks were entirely typewritten which added greatly to the neatness.

The best notebook was handed in by Margaret Vadnais of the 6th period section. Two other very interesting books were received from Rose Gudmunson and Adolph Erickson.

MISS TORNSTROM GIVES ADVICE TO FAILURES

"Two successive E's on a pupil's report card are almost a sure indication of a failure in that subject," said Miss Tornstrom at a meeting in the old court house of all those who had received red marks the last six weeks.

"It is easy to see, then, just how important it is to concentrate on your weak subject (or subjects) in order to raise the doubtful or failing grade."

This meeting was called last Wednesday, the day after reports were out. Miss Tornstrom's motive in calling it was to show the seriousness of a red E, and to start the students on their second six weeks with a less careless attitude toward school work.

YE EDITOR

In this issue of the Brainerdian we take pleasure in announcing the staff for the year of 1929-30.

This year three Junior boys have been picked to assist the editors in their duties. These boys, who are Edman Jensen, Stuart Patterson and Kenneth Stinson, will probably bear the brunt of the editorial duties next year. The other positions remain practically the same as announced last year, the staff being printed at the head of the page. The positions were awarded as a result of the quality of the writing as shown by the students.

The delay in announcing the staff was absolutely unavoidable. The great number of candidates trying for positions made it necessary to spend more time in observation of their work.

For the benefit of those who do not receive staff positions, but whose articles have been good enough to be printed in the Brainerdian, an Underwriters' Club will be organized under the leadership of David Weber. To be a member means that those making staff appointments believe that candidates have the ability to write worth while articles. Underwriters, although their names will not appear with the staff at the top of this page will receive credit for their articles by a "by" line.

Members of the Underwriters Club are as follows: Lily Casey, Margaret Casey, Dwight Curo, Hazel Hill, Irja Huhtala, Caroline Olson, Muisto Pahola, Clifford Richards, Ruth Siefert.

(Signed) Roger Kleven, Editor

RURAL STUDENTS SHOW INCREASED SCHOOL INTEREST

MRS. IRMA HARTLEY GIVES OUT STATEMENTS TO BRAINERDIAN REPORTER

Mrs. Irma C. Hartley, on being interviewed by a Brainerdian reporter, as to the interest being shown by rural pupils and their parents in high school education, confirmed the idea that higher education is valued as a stepping stone to a larger success in life.

Mrs. Hartley is the county superintendent of schools and because of her contact with the many rural schools in Crow Wing county and visiting parents of the scholars has a wide acquaintance and is well aware of conditions in the field of education.

She stated that, as children enter the seventh and eighth grades in the rural schools, one who visits and observes them feels the added interest and zest they show in their school work.

"They have a definite aim, not in finishing, but in the hope and possibility of attending high school," said Mrs. Hartley. "They love to hear about it from sisters and brothers, teachers and friends."

"State Exams in Eight Subjects"

"Of the dragons which is between them and the welcoming portals is the state's examinations, a dragon they alone can conquer, if they enter. This dragon has grown in these last years and now includes eight subjects with a possible ninth for this year. As is the law of life, the harder the effort the greater the victory, so in the school life more are making the great effort to pass the examinations than ever before."

"More papers were forwarded this year than have been recorded in the history of this office, and seventy-four satisfied the gate for entrance to high school. These pupils were distributed among Brainerd, Crosby, Pequot and Aitkin."

"The difficulty of securing homes and proper supervision while attending high school is great, and the hope is that this year this problem may some time be solved by our city. I believe this a vital question both for rural and city communities."

On November twelfth the students of B. H. S. will be given an opportunity to see the play Julius Caesar presented by the Shakespeare Players at the U. C. T. Auditorium.

As the company does not carry enough players for some of the scenes, high school students will be given a chance to show their ability as actors and be allowed to play some of the minor parts. Student rates will be given to all those from the high school wishing to see this production.

FRENCH CLUB MEMBERS TO MEET THURSDAY EVE

Ici, will be the little French word that the members will be expected to answer when their names are called next Thursday night at French club meeting, which will be held in Miss Taylor's room at 7:30 P. M.

Hattie Zawadzki, chairman of the program committee promises a program worth coming miles to see and hear, so all French students please be present. After the program a light lunch will be served. Please bring your dues.

SOCIAL SCIENCE CLASSES ORGANIZE CLUB TO STUDY LOCAL PROBLEMS

SEMPER PARATUS CLUB MEETS AT CITY HALL

The third meeting of the Semper Paratus, a dramatic club, was held Friday at 3:45 at the city hall. With Obert Benson as its newly elected president, and Alice Nolan, next in line as vice president, Stuart Patterson taking care of the secretarial work and Helen Untereker treasurer, all business matters were prepared.

A motion was made and carried that the club membership be limited to 60 members. Since there are 52 at present in the club, those who wish to join had better hurry.

It was also decided at the meeting that eight students be taken out of the club, and serve the lunch for the next social meeting which will be held the second Thursday in Nov. at 7:30 at the city hall. The following students are on the refreshment committee: Stuart Patterson, Mardelle and Donna Cunningham, Janet Kampmann, Margaret Vadnais, Lorraine Palmer, Virginia Cook and Marie Hoffbauer. An entertainment committee was also appointed consisting of Dick Ebert, Zane Smith, Katherine Sheets, Amy Markham, Betty Robertson, Dorothy Kline, Alice Nolan and Arlene Hagberg.

It was also decided that a business meeting be held before the social meeting.

Normal Training Notes

Thursday and Friday Mrs. Linnemann and Miss Larson from the Lowell school and Miss Murphy from the Lincoln building attended an educational convention at St. Cloud. The normal girls substituted for them during their absence.

In the normal class of '29 there were 15 graduates, all of whom have secured positions. Most of these teachers have nine months terms and their salaries range from \$85 to \$90 per month. We feel that Miss Reid, our instructor, has part of the credit for their success coming to her, since she has played an important role in preparing them for this work.

Last week we had a meeting for the election of class officers. The following were elected:

President—Evelyn Anderson.
Secretary—Lucille Finley.
Treasurer—Borghild Olson.

Brainierdian Reporter—Alice Rardin. The class is going to hold regular meetings every six weeks at the homes of the various girls where we will transact our business and enjoy a social time as well.

Miss Anna Swenson, state supervisor of the Teacher's Training Department paid us a visit last Tuesday morning. As we had recently studied types of lessons, she gave us an effective appreciation lesson on the selection: "An Order For a Picture," by Alice and Phoebe Carey. Miss Swenson always has something interesting, yet worthwhile to offer and we enjoyed her visit so much that we are hoping she will soon pay us another.

Nine of the girls are teaching in Crow Wing county. They are: Evelyn Dechaine, Wilma Helgeson, Violet Hoston, Wilma Hradsky, Edith Johnson, Esther Schib, Margaret Schley, Maud Thompson and Anna Walstrom. Laura Racine, Madge Rardin and Myrtle Wilson have positions in Cass county. Nellrae Gillette and Agnes Luepker are in Aitkin county and Elma Mustonen is in Morrison county.

During the past two weeks we have been practicing teaching in the second and third grades at the Lowell, Lincoln, and Garfield buildings. Next Thursday and Friday we plan for observations in the country.

Marjorie Forsberg Wins Scholarship at Hamline

Marjorie Forsberg, high school sophomore, represented our district in the Methodist State Bible story telling contest which was held in the Municipal Auditorium at Eveleth, Minn. She won second place thereby receiving a half year's scholarship at Hamline university. Ruth Hezzelwood of Wadena, speaking on Queen Esther, won first place and received a full year's scholarship. The state was divided into North and South, each winner receiving scholarships. The contestants were entertained at theatre, and breakfast parties. Sunday evening Sept. 29, Dr. Gratt, the editor of the Epworth Herald of Chicago, spoke, after which the contest was held to determine the winner. The purpose of the contest was to encourage young people to read the Bible. During this conference which lasted from Wednesday through Sunday Marjorie was a guest at the home of Mr. and Mrs. August Isle of Virginia, Minn.

When interviewed Marjorie said in her modest way, "I felt so insignificant trying to compete with those brilliant speakers." But never the less it was proven that Brainerd has a capable representative.

MEMBERSHIP LIMITED TO "A" AND "B" STUDENTS—UNDER DIRECTION MISS HERWIG

For the purpose of studying seriously, economic, political and social problems of local character, a Social Science club, under the direction of Miss Herwig, was partially organized last Tuesday.

Membership of the club, which is purely optional, will be based upon a scholastic average of not less than eighty-five, and is open only to Social Science students. Students, now ineligible, may join at any time when they achieve the required average for the preceding six weeks' period.

Officers, who will be elected at the next meeting, will hold the same responsibilities as in any other organization.

Refreshments and games will be of very little consequence, as the work of the club will be carried on from an instructive, rather than a social standpoint. Visits will be made to the court house, council rooms, and other public places where useful information may be obtained. Questions of local interest such as: taxation, school finance, banking, and child welfare work will be considered at each meeting and will form the basis for study during the year. Meetings will be held monthly or bi-monthly as the general interest may demand.

During the first meeting, held in the City Hall assembly last Tuesday the club membership was taken after a complete discussion of the purpose and activities of the organization.

Miss Herwig appointed a nominating committee consisting of Lois Garrard, Evelyn Rofidal, Howard Aspholm, Elwood Anderson, Evelyn Grimstead.

A constitution, stating laws, by-laws, conditions under which special meetings may be called, and the manner of conducting meetings, will be drawn up by Doris Anderson, Arthur Hautala, Elma Neimi, Roger Callahan and Vernon Weber.

EXPLORING IN THE NEW HIGH SCHOOL BUILDING

Exploring, (yes, "exploring" is the word, just to glimpse into all the rooms) the new high school yesterday seemed like going through a huge, modern palace; long corridors, lots of windows, winding flights of marble stairs, and doors and doors and doors and doors.

The Sirocco System of purifying, cooling and humidifying is being installed, and the installation of the heating plant is so near complete that last night fires were started in the boilers to test them out.

The superintendent's office is roomy in spite of its maze of drawers, and in connection with it is a store room lined with shelves.

A regular class room as we viewed it is large and sunny. There are plenty of blackboards which should make any teacher rejoice. Each room is specially equipped for its own purpose.

The stipling of the ceilings in some of the halls and rooms is almost completed and workmen are smoothing and polishing the steps by means of a special electric process.

Desks and other equipment have not been put in yet, but one of the workmen assured us that the building will be complete by the first of November. "Of course," he added, "for some time after that it must be left to dry and air thoroughly."

Students Mourn Death of Lucille Preston

Brainerd high school students, especially members of the Junior class, are mourning the death of Lucille Preston who was killed in an automobile accident last week.

Lucille was a quiet, modest Junior, well liked by her fellow students, who attended in large number funeral services held for her at the Presbyterian church last

HARMON TO MATCH SCOTT, SHARKEY FOR CHICAGO BOUT

FIGHT TO BE SET SOME TIME IN DECEMBER

PROMOTER BELIEVES HE CAN DRAW \$300,000 IN HIS CHICAGO STADIUM

MATCH, IF SUCCESSFUL, TO BE BILLED AS HEAVYWEIGHT CHAMPIONSHIP AFFAIR
By BERT DEMBY
(United Press Staff Correspondent)

Chicago, Oct. 22.—Believing he can draw \$300,000 in his Chicago stadium which seats 25,000, Promoter Paddy Harmon has announced he is attempting to sign Phil Scott, British heavyweight contender, and Jack Sharkey, the Bostonian, for a bout some time in December.

Harmon said that if he is successful in bringing the heavies together he will bill the match as a heavyweight championship affair and award the winner a belt emblematic of the title, left vacant by the retirement of Gene Tunney.

No confident is Paddy that this bout would fill his house he is willing to lay down a \$100,000 guarantee or split 60 per cent of the net receipts between the two fighters.

The stadium can be scaled so that a total of \$310,000 can be taken in for a sell-out at prices which Harmon believes the fans here will pay. Sixty per cent of that figure would total \$186,000 and Harmon said it would be up to the two fighters as to what percentage each would get. "That is a matter they'll have to agree on," he said.

In staging this match Paddy would be forced to deviate from his plan of charging a top price of \$5.95 for all shows. Barring his opening fight, a championship affair between Tommy Loughran and Mickey Walker, Paddy has stuck to his plan and charged only that figure for the title bout between Lightweight Champion Sammy Mandell and Tony Canzoneri.

"I think the middle west is anxious to see Sharkey," Paddy said. "We've heard so much about him out here that he has been built into a card for us. Numerous times I've heard the query, 'Why don't you put on Sharkey?' Jack certainly proved he is worthy of heavyweight title consideration when he turned loose on Tommy Loughran."

Whether Harmon can get Sharkey remains a problem. Jack reportedly is signed with Madison Square Gar-

den for his bouts and if this is so there probably won't be any Scott-Sharkey fight here.

But, at any rate, Harmon probably will make a determined effort to obtain the match, with a building to keep running, and there are mighty few fighters right now who can draw enough into the building to make a fight pay.

THICK SKULL OF WRESTLER WINS DECISION

Dallas, Tex., Oct. 22.—(U.P.)—The thick skull of Abbie Coleman, Brooklyn, N. Y., lightweight wrestler, won him a decision over Cleo Kaufman, Columbus, Ohio, here last night.

At the start of the bout Coleman and Kaufman made a simultaneous lunge. Their heads met with a crack that could be heard in the ticket offices.

Both dropped unconscious. After a few seconds Coleman sat up dazedly, and then fell across the body of his opponent. He was awarded the fall and when Kaufman did not regain consciousness for five minutes took the match by default.

'FLYING TACKLE' GIVES SHIKAT WIN OVER ZELESNIAK

New York, Oct. 22.—(U.P.)—The "flying tackle," made famous by Gus Sonnenberg, gave Richard Shikat, recognized by the New York and Pennsylvania athletic commissions as the heavyweight wrestling champion of the world, a victory over Vanka Zelesniak of Russia in a championship bout here last night. The victory came after 22 minutes of wrestling when Shikat sidestepped the Russian's attempt at a tackle and allowed his opponent to sail through the ropes and hit his head on the floor. Zelesniak was badly dazed and unable to continue.

Those scientists who are trying to find absolute zero should place a thermometer on a banker's eyes and ask him to renew a note.

YALE, HARVARD, PRINCETON IN PUBLIC EYE

GAMES SCHEDULED AT NEW HAVEN, CAMBRIDGE AND PRINCETON

GLAMOR AND ABILITY WILL ATTRACT NEARLY 200,000 FANS

By DIXON STEWART
(United Press Staff Correspondent)

New York, Oct. 22.—Football's one time "Big Three," Yale, Harvard and Princeton — are enjoying a fleeting week of prominence, with the games scheduled at New Haven, Cambridge and Princeton providing the feature attractions of the Saturday football calendar.

The Big Three's dominance of the week's schedule is a sinecure in that the prominence is achieved through the glamor and ability of opposing teams rather than by the achievements or strength of the home teams.

Nearly 200,000 fans will witness the Big Three games, the Yale-Army battle heading the list with 80,000, Harvard-Dartmouth attracting 55,000 and 44,000 attending the Princeton-Navy tilt. In each case attendance is limited by the size of the stadiums, thousands of applications for tickets having been turned back and all available tickets having been sold many weeks ago.

Harvard's battle with Dartmouth is one of the really important games of the season and will have a direct bearing on eastern championship honors. The other two games should result in decisive triumphs for the service teams and except for the "color" furnished by competition between service teams and members of the Big Three would not rate as headline attractions.

The 1929 season has been particularly disastrous for the "Big Three," Princeton having lost to Brown and Cornell, Yale having been defeated by Georgia and Harvard's record being marred by a tie with the Army.

Harvard still has a chance to gain recognition as one of the east's strongest teams but in order to do so must win its remaining games from Dartmouth, Florida, Michigan, Holy Cross

and Yale. Defeating Dartmouth is a task assignment for any eleven and Saturday's game is providing plenty of worry at the Crimson camp.

Dartmouth is led by the great Al (Special Delivery) Marsters, and almost certain All-American selection, who is counted upon to deliver a lot of bad news for Harvard supporters. Dartmouth in addition to Marsters and a great first team has one of the strongest reserve squads in the country. Last week against Columbia the first team played less than two quarters and the second, third and fourth teams held Columbia scoreless during the remainder of the game.

The sensational broken field running of Albie Booth, 147-pound sophomore, has given Yale fans renewed hopes of a victory over the Army. However, the Army has two of the finest backfield men of the year in Chris Cagle and Johnny Murrell and on form appears too strong for the Bulldogs.

Except for the fact that the Tiger teams of past years have always put up a great battle against the Navy and Yale regardless of how poorly they played in other games, Princeton would be given little consideration on Saturday.

Saturday's other important eastern games include Carnegie Tech vs. Notre Dame, Fordham vs. Davis and Elkins, Columbia vs. Williams, N. Y. U. vs. Butler, Penn vs. Lehigh and Penn State vs. Lafayette.

CONSIDER THE PRICE COMPARE THE VALUE

TODAY'S fine Oldsmobile can be purchased for as little as \$875 for the two-door Sedan. Think what a comparatively small difference there is between the cost of this fine car and that of lower-priced automobiles.

Then consider what this small difference means in terms of appearance, comfort, performance, and all of the less outstanding but nevertheless important features that contribute to luxurious and carefree travel.

Compare Oldsmobile's appearance with that of other smart motor cars. You will find unusual beauty in the sweeping lines and graceful contours of its Fisher Body... excellent expression of taste in its luxurious upholstery and charming appointments.

Then compare Oldsmobile's riding comfort with that provided by other cars. You will thoroughly enjoy the riding ease assured by its deep-cushioned seats; flexible springs; and four Lovejoy hydraulic shock absorbers.

Compare, too, Oldsmobile's performance with that of other cars you have driven. You will find an abundance

of power in Oldsmobile's big, high-compression engine... power to take you quickly and easily through crowded traffic or to convert long miles into minutes when you're out on the highway. This splendid full-range performance imparts a new exhilaration to driving, wherever you go.

Finally, when you have considered the results of these comparisons, check the many features that make up Oldsmobile's unusually complete equipment.

All these fine car qualities of appearance, performance, comfort, and durability represent exceptional value at Oldsmobile's price... value that you are not likely to find elsewhere in Oldsmobile's field. But make the comparisons yourself. Your own good sense of value will inevitably cause you to select Oldsmobile.

TWO DOOR SEDAN \$875

BRAINERD 25 YEARS AGO

From the Daily Dispatch

October 21, 1904

The hunting license blanks have been received at the office of the county auditor from the state department. The first man to take out a hunting license to hunt big game was Ami Shanks, the barber in John Cochran's shop.

J. R. Smith is being mentioned by his friends as a candidate for the board of education from the First ward. Mr. Hagberg, the present member, has decided not to be a candidate for re-election.

Mrs. C. L. Burnett left this afternoon for Grand Rapids where she will visit with friends and relatives for a short time.

Hon. John A. Johnson, democratic candidate for governor, will speak at the opera house tomorrow night.

Word was received this afternoon by J. F. McGinnis from Mr. and Mrs. George T. Trent of the death of their little son Teddy at Long Prairie this morning.

Word has been received of the death of Frank Salama of Prairie du Chien, Wis. He was a former resident of the city, having been connected for a long

time with the John Cochran barber shop and later ran a shop himself. He was also affiliated for some time with Graham's orchestra in the city.

Walter Dunstan has opened his barber shop in the basement of the Walker block and has secured a fine barber in the person of Webb.

Frank G. Hall and Frank Maloney returned today from the lakes north of here where they have been enjoying a hunt for a few days.

Contractor C. B. Rowley returned this afternoon from Duluth where he has been on business for a few days.

Sheriff George Hardy returned from a trip west this afternoon.

MEETINGS BOOKED

AT THE Y. M. C. A.

Club meetings at the Y. M. C. A. the following week are:

Tuesday, 7 P. M.—Torch club.

Wednesday, 7 P. M.—Hi-Y business meeting (closed).

Thursday, 7 P. M.—Junior Hi-Y.

Thursday, 8 P. M.—Northeast Tiger club.

Friday, 7 P. M.—Pioneer club.

Friday, 8 P. M.—Pathfinder club.

Coming Events

Tri-Hi club food sale, Oct. 26.

Tiger club chicken supper at Y. M. C. A. November 1.

Older Boys conference, Nov. 29-Dec. 1.

STOP This Criminal

Of all the culprits who ply the trade of crime, the arsonist is to be most despised. His victims have been legion.

To gain dishonest dollars for himself the arsonist will sacrifice the lives of others and imperil property of untold value.

But the hand of the law is fairly certain now to seize this criminal. Detection and punishment have been brought to such a high percentage of success that he has small chance of escape. The Arson Squad generally gets its man!

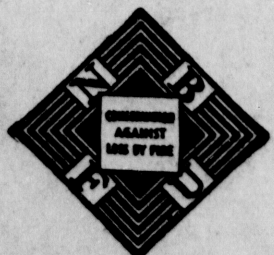

The Stock Fire Insurance companies, through the National Board of Fire Underwriters and its Arson Committee, wage relentless war against the arsonist.

Squads of trained men work quietly and without noise or show, in co-operation with legal authorities, in every state of the Union, to guard the people of America against this crime of arson and the practice of incendiarism by pyromaniacs and other irresponsible persons.

The results have been gratifying, and will be even more so when the American people realize the menace and cost of incendiary fires.

This is but one of many measures employed by the Stock Fire Insurance companies in the elimination of fire hazards—the conservation of life and property. The Arson Squad works constantly with police, fire marshals, fire departments and other officials.

"The Crime of Crimes," an interesting booklet on arson and incendiarism, may be had upon request.

CHANGES RECORDED IN 3 CITY OFFICES

Richard Ilse, City Treasurer, Tenders Resignation to City Council

R. H. PAINE IS SUCCESSOR

Alderman V. E. Quanstrom Named President, Elmer Lee Alderman 5th Ward

In continuous service of the city since 1919 as city treasurer, Richard Ilse tendered his resignation by letter to the city council last evening and Alderman R. H. Paine, president of the council was unanimously supported as successor for the remainder of the term.

The resignation resulted in three changes in the city council. Alderman Paine resigned to become city treasurer.

Alderman V. E. Quanstrom was named president of the council filling the position formerly held by Mr. Paine.

Elmer Lee, 504 South Bluff avenue was appointed to fill the unexpired term of R. H. Paine as alderman of the fifth ward.

Mr. Ilse resigned as city treasurer because of ill health. His letter follows:

"Members of the City Council, City of Brainerd, Gentlemen: It is with much regret that I hereby tender my resignation as city treasurer but owing to the present condition of my health I feel that I must do so.

"For the many pleasant relations of the past ten years I thank you. An immediate acceptance of this resignation would be appreciated."

Mr. Ilse's illness has also forced him to withdraw from business life. He has leased his store on the corner of A street and Third avenue to C. L. Halsted of Cloverson, Minn. Mr. Ilse who has reached the age of 70 years has been a resident of this city for many years. He was a moulder at the Parker and Topping foundry and entered the store business since the closing of the foundry in 1922. He has served as president of the Northeast Improvement league and was one of the organizers of that league. Mr. Ilse extended his associations throughout the city through his popularity as a singer. He was a member of several choral clubs and has sung in the majority of Protestant churches throughout the city. As city treasurer he conducted the office most efficiently.

Mr. Paine has been a member of the city council from the fifth ward since 1923. He has served on practically every committee of the council being a member of the finance committee last year. As president of the council he was also an ex-officio member of all committees. Mr. Paine also served on the last Board of Equalization. Through his experience he has a complete and definite knowledge of city funds and is thoroughly efficient to fill the position. In business life Mr. Paine is associated with Ben Armstrong in the Brainerd Creamery.

Mr. Ilse's resignation cannot be effective until Mr. Paine has qualified and his bonds have been accepted. This will be done within the next few days.

The terms of Mr. Ilse and Mr. Paine would have expired on the same date in May, 1931.

The resignation of Mr. Ilse was accepted on motion of Aldermen W. J. Lyons and W. J. Hall. Mr. Paine's appointment to city treasurer was made on motion of Aldermen Ernest Ritari and V. E. Quanstrom while his resignation as president and alderman was accepted on motion of Aldermen Frank E. Johnson and V. E. Quanstrom. Alderman Quanstrom was elected by ballot to the position of president of the council and on motion of Aldermen H. W. Greger and Ernest Ritari, Elmer Lee was appointed to fill the unexpired term of R. H. Paine as alderman of the fifth ward.

W. E. Lewis, former alderman, requested permission to build a drive in filling station at 15th and Oak streets. On motion of Aldermen Quanstrom and Ritari the aldermen of the fourth ward were instructed to sound out the people in that vicinity to determine if they have any objection to the construction of a station there. A special meeting of the council will be called Thursday evening to act on the request.

The Eureka Fire Hose Manufacturing Co. with state headquarters at Minneapolis was awarded the contract for 1,000 feet of paragon hose with rock standard couplings. The company's bid of \$140 was accepted.

The Electric Garage was granted

permission to install and licensed to operate five gasoline pumps at the garage and filling station at the corner of 7th and Maple streets. The request was made by Chester Benson.

At the request of the Lowell P. T. A., City Engineer R. T. Campbell on motion of Aldermen Ritari and Lyons was instructed to place signs for the protection of school children on Third, Fourth and Ash avenues in the vicinity of the school.

The request of the Standard Oil Co. to raise two tanks and install another for fuel oil at the bulk station on Front street was refused on motion of Aldermen Ritari and Hall.

On the suggestion of Alderman V. F. Anderson, chairman of the finance committee, transfers were made from the general fund, \$1,000 to the public safety fund, \$500 to the street and sewer fund, and \$1,500 to the poor fund.

President Quanstrom reported that complaints had been made against the smoke from the bath house in Southeast Brainerd. City Engineer Campbell was instructed to investigate with the view of correcting conditions.

Alderman Greger demanded that the sidewalk in front of the new high school building be cleaned of material. On motion of Aldermen Ritari and Wesley the Board of Education was requested to see that the sidewalk and boulevard on Oak street in front of the school be cleaned immediately.

City Engineer Campbell reported that there were at present nine delinquent building permits and one delinquent sewer permit. The matter was placed in the hands of the finance committee, city attorney and city engineer with power to act.

The city engineer was instructed to repair the culvert at 15th and Pine streets on motion of Aldermen Ritari and Johnson.

On motion of Aldermen Lyons and Wesley, Fire Chief Frank Fuller was allowed the cost of gasoline used in the service of the city on fire calls. The purchasing committee was instructed to purchase an additional gas mask at the cost of \$50 for the city fire department.

President Quanstrom appointed a committee of three, Aldermen Lyons, Hall and Wesley, to work with City Attorney D. H. Fullerton to amend the building code of the city to prevent any "hole in the wall" or "fly by night" theatre concerns to establish here.

Alderman Andrew Wesley was the lone support to a resolution asking for the paid publication of an annual financial statement of the city. On the vote taken, W. J. Hall who presented the following letter to City Clerk Mrs. E. T. Fleener for reading exercised the right not to vote:

"As this city is spending approximately \$90,000 per year I am of the opinion that citizens as well as the aldermen should be better informed as to receipts and disbursements of the individual city offices and funds. Therefore I would like to suggest that at the end of each fiscal year the city clerk with the assistance of the city stenographer make a complete financial report of each office and their funds showing from where the moneys were received and to whom they were paid, this report to be made to the council and also published in a Brainerd paper."

On the next resolution the council voted to publish every two years the report of the audit of the city books.

HEED TO DISTRICT COURT

William Derksen, Charged With Abduction, Waives Examination in Municipal Court

William Derksen, charged with abduction, waived examination in municipal court today and was held to district court on bonds of \$250.

W. F. Evans, charged with starting a fire without a burning permit from the State Forestry Department, pleaded guilty and was fined \$25 and costs.

Archie Hill was fined \$75 on his plea of guilty to the sale of intoxicating liquor Saturday.

RETURNS TO BRAINERD

Dr. D. E. Nelson Becomes Associated With Dr. Nesmith Nelson in Parker Block

Dr. D. E. Nelson who formerly practiced general medicine in Brainerd has returned after an absence of six years and is now associated with Dr. Nesmith Nelson in the Parker Block. His practice will be limited to the eye, nose and throat specialty.

PARKS OPERATED MOST ECONOMICALLY

Board Has Best Year Since 1918; Make Improvements, Pay Off Old Bills

Lum Park Rental Brings \$800; Tourist Camp Receipts Total \$2,000

Brainerd's park system, considered one of the finest in the state for a city of this population, was operated most economically the past season despite general improvements made and outstanding bills of previous years paid while the Brainerd Park Board enjoyed its best year since 1918, it was revealed at a meeting of the board at the home of Mrs. A. C. Weber Saturday.

The renting of the concessions at Lum Park to Robert Block netted \$800 and worked out satisfactorily.

The board intends to follow this custom again next year. Up to the present time no arrangements have been made for the rental of the concessions next year, Carl Wright, president of the board said today.

Explaining the agreement between the park board and the concessionaire, Mr. Wright said that the concessionaire controls all money making activi-

ties in the park while the park board maintains control of the grounds and sees that the buildings and grounds are in good repair.

"The board recently installed a new electric pump of several times the capacity of the old pump at Lum Park so we do not anticipate another water shortage such as we had several times this summer during large gatherings," said Mr. Wright.

The tourist camp had its most satisfactory year, money enough being received to pay for all of the improvements made and paying over \$900 in outstanding bills from last year. Approximately \$2,000 was received which equalized the cost of maintenance and permanent improvement.

No great improvements were made at Gregory park but under Mrs. Weber's management, expenditures were cut from \$1,100 and \$1,200 in previous years to but slightly over \$700 this year which was very gratifying to the board.

A number of elm trees which were obtained from Lum Park were planted at Gregory, supplanting the old cottonwoods which are being gradually removed.

Discussion was had as to the advisability of removing all of the cottonwoods in Gregory park this fall but it was decided that it would be better to remove them a few at a time to preserve the appearance of the park.

The Brainerd Park Board which has for its officers, Carl Wright, president; Mrs. A. C. Weber, vice president; and

DIES AT WHEEL OF CAR ON SIXTH ST.

Suffering a collapse at the wheel while driving north on Sixth street, Ole Dahl, 917 Norwood street, died suddenly at 4:10 P. M. today.

Dahl's death was attributed to heart disease. His wife was with him in the front seat. The car plunged into another owned by Henry Rings, Brainerd Route 6, parked in front of The Dispatch office.

Mr. Dahl died within five minutes after the attack. He is about 70 years old.

Mr. and Mrs. Dahl had just returned to Brainerd after visiting their son in Minneapolis when Dr. Dahl succumbed. The couple had planned to return to Minneapolis to spend the winter.

Hugo Kaatz, secretary-treasurer, operates on three quarters of a mill or about \$2,200 a year, the smallest amount expended by any city of the size of Brainerd in the state for park purposes.

Two men were regularly employed at the tourist camp, one at Gregory park and another at Lum park throughout the season. In addition four men were employed on extra work at various times.

The Power of KANT-NOCK plus the Power of ETHYL (at no extra cost)

Even the most ordinary gasoline gains new virtue when compounded with Ethyl.

Now Ethyl is added to pure KANT-NOCK, already a premium fuel approximating the most rigid aviation specifications.

The result is inconceivable until you actually experience the astonishing power. Double-premium-quality indeed! Yet KANT-NOCK-ETHYL costs no more than ordinary Ethyl gasolines!

Positive Power, always there, for easy starting in cool weather, for quick acceleration at all speeds, for smooth going under all conditions.

You'll avoid carbon, reduce costly repairs, save depreciation on your car and save money with KANT-NOCK-ETHYL. It's sold only at DEEP-ROCK stations . . . stop and fill your tank with this Extra-extraordinary gasoline.

excess of one billion dollars. Here's true independence with certainty of permanence. The DEEP-ROCK franchise builds permanent business on the basis of continued unflinching service, a valuable assurance for both dealer and motorist.

W. R. A. TO CONVENE

Full Meeting of Lodges to be Held at Minneapolis on Wednesday

On Wednesday morning at the Minneapolis Masonic Temple, Minneapolis, the Woman's Benefit association will convene for their Minnesota fall meet. Among those taking an active part as presidents of reviews will be Mrs. Ellen Varner of the city, Mrs. Marie Hoenig of Albert Lea, Mrs. Mary Hedges of Austin, Mrs. Julia Koehnig of Rochester, Mrs. Ellmore Sandstrom of Mankato, Mrs. Nellie Billie of Duluth, Mrs. Emma Roth of Faribault and Mrs. J. Gross of St. Paul. Mrs. Anna Whitehead, captain from Duluth, will also be present.

Mrs. L. E. Babcock, Mrs. Roland Jenkins, and Miss Marie Lawrence of the city also expect to attend, leaving Wednesday morning for Minneapolis. The ritual will be exemplified Wednesday evening with guards, and the degree of the fraternity will be conferred on new members. Thursday morning at the Radisson hotel a school of instruction will be conducted. A report on growth and local activities will be given in the afternoon. The dinner at 6:30 P. M. at the Radisson hotel will be followed by a program.

LIVESTOCK, PRODUCE AND GRAIN MARKETS

BANKRUPTCY PETITION FOR DISCHARGE

In the District Court of the United States, for the Fifth Division, District of Minnesota.

In the Matter of Herbert E. Lamphere, Bankrupt, in Bankruptcy No. 1370. To the Honorable William A. Cant, Judge of the District Court of the United States for the District of Minnesota.

Herbert E. Lamphere, of the Village of Ironton, in the County of Crow Wing, and State of Minnesota, in said District, respectfully represents:

That on the 3rd day of September, 1929, last past, he was duly adjudged bankrupt under the Acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said Acts and of the orders of the court touching his bankruptcy.

WHEREFORE HE PRAYS that he may be decreed by the court to have a full discharge from all debts provable against his estate under said Bankruptcy Acts, except such debts as are exempted by law from such discharge.

Dated this 18th day of October, A. D. 1929.

HERBERT E. LAMPHERE, Bankrupt.

Order of Notice Thereon

United States of America, District of Minnesota, ss.

On this 19th day of October, A. D. 1929, on reading the foregoing petition, it is—

ORDERED BY THE COURT, that a hearing be had upon the same on the 7th day of December, A. D. 1929, before said Court, at Duluth, in said District, at ten o'clock in the forenoon; and that notice thereof be published in The Dispatch, a newspaper printed at Brainerd, in said District, and that all known creditors and other persons in interest may appear at the said time and place and show cause why they have, why the prayer of the said petition should not be granted.

And it is further ordered by the Court, that the Clerk shall send by mail, to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

WITNESS the Honorable WILLIAM A. CANT, Judge of said Court, and the seal thereof, at Duluth, in said District, on the 19th day of October, A. D. 1929.

JOEL M. DICKEY, Clerk.

By J. C. HERMAN ENGEL, Deputy Clerk.

A New Door needed on the Back Porch

The Back Door looks a little neglected, doesn't it? For one thing, the screening has rusted and fallen away in spots. Doesn't keep the flies out. And the delivery boys and the ice man have soiled the woodwork. It does look messy. It isn't much of a job to put in new netting and to paint the main door and the frame of the other. Let's get busy. What do you say?
